Introducing the Absolute Beachfront Villa Anda to Key Partners

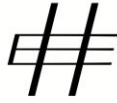

Elite Havens invited a select group of travel agents, event organizers and travel industry professionals to experience Villa Anda firsthand. Guests were treated to an immersive tour of this unique luxury beachfront living destination, featuring a six-bedroom layout and expansive contemporary living and dining areas designed to seamlessly blend indoor and outdoor living, and bring together large groups of friends and family. The panoramic sea views formed the backdrop for every room, creating a constant connection with the natural beauty that surrounds the villa.

"This is a rare item for a beachfront villa in Phuket," says Knight Events Phuket. *"Perfect for weddings and events, as Villa Anda and Villa Aman can be combined, boasting a total of 14 rooms."*

The villa also highlights a captivating 16.45-metre infinity pool overlooking the Andaman Sea. This picture-perfect setting provided the perfect canvas for guests to unwind and soak in the idyllic atmosphere.

When completed, with the opening of Villa Aman later in December 2024, the estate will share a combined 14 bedrooms, and 96 metres of quiet beachfront—a perfect location for stunning sunset events or days spent with loved ones in an extended family and friends setting.

Elite Havens' Phuket General Manager, Dania Arunrojchana, shared her excitement in adding Villa Anda as part of their Thailand portfolio, *"We're excited to include this amazing property in our collection. It's rare to find a property of this calibre, with its own private beach, in this area of Phuket. It's already attracting guests from all over the world, and we're delighted to show it off to our travel partners tonight."*
